MEMORANDUM OPINION AND ORDER

In December of 2001 plaintiff, Rita Lemons, individually and doing business as Dental Assistance by the Phone, obtained a favorable judgment against defendants Joyce Hickman and Joe Payton Lee, individually and doing business as Classic Medical & Dental Clinic, Inc., in the District Court of Harris County, Texas, 127th Judicial District.¹ Plaintiff now moves this court to register the favorable state court judgment.² (Docket Entry No. 1) However,

¹Judgment Order, Docket Entry No. 1, unnumbered p. 3.

²The court construes plaintiff's motion liberally as one requesting the transformation of the state court judgment into a federal judgment. Plaintiff's muddled motion requests "that the state judgement [sic] be attached to the defendant's case file," that "the writ of execution and abstract of judgment be attached (continued...)

the court fails to perceive, and plaintiff does not explain, how it can exercise jurisdiction over this matter. Congress expressly provided for the registration of the judgment of one federal court in another federal court in 28 U.S.C. § 1963 and, by implication, excluded the registration of state-court judgments in federal courts. The court concludes that it lacks jurisdiction over plaintiff's claims. Cf. Caruso v. Perlow, 440 F. Supp.2d 117, 118 (D. Conn. 2006) (holding that the federal district court lacked jurisdiction to register a Florida state-court judgment). Plaintiff's motion to register a state court judgment is therefore **DENIED**, and this action is **DISMISSED**.

SIGNED at Houston, Texas, on this 9th day of August, 2007.
